No. 1

Extract from para 2 of the Financial Secretary's note in Education File No. 90-1923 under date 12th November 1923.

I believe, under the new arrangement members of the Legislative Council will not be allowed higher rates of travelling allowances than those given to the members of the Representative Assembly."

Chief Secretary's marginal remark on the above under dated 23rd November 1923.

"No orders to the effect have been passed. May be referred to the Reforms Section."

As per Article 550 of the M.S.R. the members of the Mysore Legislative Council are entitled to the following rates of travelling allowance:-

Railway fare.	...	One and half times First class.
Road mileage	...	8 annas a mile.
Halting allowance.		Rs. 7-8-0 a day for each day of sitting.

These rates have been in force ~~ex~~ up till now.

A copy of the new travelling allowance rules passed regarding Representative Assembly members is herewith put up. These are lower than the rates which hitherto prevailed for Legislative Council members.

The Government Order sanctioning the grant of travelling allowance to members of the Representative Assembly does not seem in any way to affect the rates admissible to members of the Legislative Council. In this view, the latter will continue to draw the rates now admissible to them under Article 550 of the M.S.R.

The existing rates may continue. I am afraid, however, the matter will be taken up by the ~~Legislative~~ Representative Assembly. It is not possible to defend invidious distinctions in regard to travelling allowances of the members of the two Houses. In regard to ~~xxx~~ travelling allowances, Members of the Council of State were treated better than those of the Legislative Council and this ~~xxxxxx~~ distinction formed the subject of acrimonious discussion

in the Legislative ~~Council~~ Assembly and the Government of India had to say that they would be bound by the views expressed by the Legislative ~~Council~~ Assembly. The position is reversed here, as the House, entitled to vote supplies, is allowed better treatment and will certainly be not inclined to reduce its own travelling allowances. If the Representative Assembly is very insistent on claiming equal treatment with the Legislative Council, I think it wil be necessary for Government to defer to the views of the Assembly, and, the Legislative Council will also realise that it is not graceful to oppose the Assembly In these circumstances, I think it is better to allow the existing rates to continue and leave the matter to be fought out between the two Houses.
